PROFESSIONAL SUMMARY

A growth seeking individual equipped with modern knowledge in the field of Information Technology specializing in UI/UX Designing, dedicated in acquiring professional experience, eager to learn, and welcomes any challenge that comes with the profession. Skilled in Web Design with foundational knowledge in Figma, Wireframing, Prototyping, and Responsive Web Design.

EXPERIENCE

IT Intern (400 Hours) Alkhair Philippines	Cabuyao, Laguna, Philippines <i>January 2026 – April 2026</i>
- Collaborated with the Digital Marketing team to design and prototype a responsive landing page in Figma, aligning with the brand guidelines to improve digital guidelines. - Analyzed competitor landing pages and industry UX patterns to inform layout. CTA placement, and information hierarchy. - Presented design iterations to the marketing lead weekly, using feedback to reduce revision cycles of the development team. - Translated marketing brand guidelines into responsive wireframes and high-fidelity mockups using Figma.	

PROJECT

UI/UX Designer & Frontend Developer Project Management System (HTML, CSS, React.js, Git, Github)
- Owned end-to-end UI/UX design as sole designer for a 4-member development team, defining product look, feel, and user experience from concept to handoff. - Conducted user research with 30 target users including client employees, client customers, and IT experts to identify key points in existing project tracking methods. - Created user personas, use case diagrams, activity diagrams, and information architecture for 8 user roles: Admin, Project Manager, Site Coordinator, Finance Manager, Employee, and User. - Designed and developed wireframe and high-fidelity prototypes for responsive screens in Figma, including dashboard, Task Management, Project Monitoring, Equipment Monitoring, Inventory Management, Expense Monitoring, File Management, and User Management.

TECHNICAL SKILL

- Languages:** HTML/CSS, Java, JavaScript, PHP
- Frameworks:** Bootstrap, Laravel, React.js
- Tools:** Canva, Figma, Github, Microsoft Office 365
